Office of Safety, Federal Highway Administration

“Little White Crosses” performed by

Billie Johnson, Assistant Director
Division of Driver Safety, Kentucky Transportation Cabinet

2:30 p.m. Break

3:00 p.m. **BREAKOUT SESSIONS**

**Session 1: Teen Driving Programs A
(Repeated in Session 21)**

Julia Belle Ballroom

Moderator

Nedra Morrell, Community Outreach Planner
Kentucky Regional Planning and Development Agency

Motor Vehicle Crashes are the #1 cause of death for teenagers. What can be and is being done to reduce the number of motor vehicle collisions, injuries, and fatalities for this age group? You will learn about a variety of successful programs and strategies that have been implemented in local communities. In order to reduce the number of crashes and fatalities, everyone must take an active role...from law enforcement, schools, legislators, communities, to teenagers and parents. Hear what's working and how you can get involved.

Speakers

Brian Bishop, Executive Director
Kentucky Board of Emergency Medical Services

Ronda Rex, County Agent for Family and Consumer Sciences
Campbell County Cooperative Extension Service

Officer Derone Weathers, School Resource Officer
Versailles Police Department

**Session 2: Teen Driving Programs B
(Repeated in session 29)**

Farmington Room

Moderator

Gina Boaz, Regional Transportation Planner
Green River Area Development District

Learn about the Alive at 25 and the Graduated Driver's License Programs. Also, learn how a small, rural, police department networks with school systems to make a positive impact on teen impaired driving with S.A.I.D. (Students Against Impaired Driving). See how a teen driving academy teaches safe driving techniques to novice drivers in Drive to Stay Alive. Students team up with a Kentucky State Police mentor to create safe driving programs and materials for their local schools and communities.

Speakers

Lieutenant Eddie Johnson
Kentucky State Police Academy

Mike Park, Program Manager
State Traffic School/Graduated License Program,
Eastern Kentucky University

Captain Jere Hughes
Fulton Police Department

Lieutenant Eric Walker
Commander, Governor's Highway Safety Program

Steve Coffey, Administrative Coordinator
Department of Vehicle Regulation, Kentucky Transportation Cabinet

Session 3: Capturing the Media's Attention on Highway Safety (Repeated in Session 7)

Goldenrod Room

Moderators/Speakers
Major Lisa Rudzinski
Kentucky State Police, Media Relations

Doug Hogan, Executive Director
Office of Public Affairs, Kentucky Transportation Cabinet

Have you ever wondered why your highway safety event did not receive media coverage? If so, this session will provide you with practical tips from media professionals on how to ensure YOUR message is heard.

Speakers

Julie Clay, President
Kentucky Association of Government Communicators

Brian Walker, Reporter/Photographer
The Kentucky Standard Newspaper

Deb Albertson
Metro Networks News

Session 4: Traffic Safety Training

Cumberland/Derby Room

Moderator

Eric Walsh, Transportation Safety Coordinator
Bluegrass Area Development District

Learn the role of the Drug Recognition Expert (DRE) including the 12-step DRE evaluation, required training, necessary entry qualifications, and how the DRE program can benefit officers in their attempts to identify and convict drugged drivers. Learn how the DRE program is progressing in the Commonwealth and Nationally. Also, discuss DOCJT's Supervising a Selective Traffic Enforcement Program that focuses on leadership and management training for law enforcement personnel responsible for leading and directing traffic units and programs.

Speakers

Darrell Cook, Instructor II
Department of Criminal Justice Training

James R. Brown, Supervisor
Department of Criminal Justice Training

Sandy Richardson, Regional Program Manager
National Highway Traffic Safety Administration - Southeast Region

Sergeant Phillip Frazier
Kentucky Vehicle Enforcement

Session 5: Resources to Reduce Impaired Driving

Jefferson Room

Moderator

Bob Criswell, Law Enforcement Liaison
Governor's Highway Safety Program

Participants will learn techniques to reduce impaired driving by improving DUI data. This session will discuss ways to deter the problem drinking driver. MADD will address the goal outlined in their strategic vision to reduce fatalities resulting from drunk drivers by at least 25% by December 31, 2008. Learn why this goal is necessary and the strategies needed to make it a reality.

Speakers

Lieutenant John Carrico
Kentucky State Police

Ed Harding, Geo Processing Specialist
Traffic Safety Data Service, Kentucky Transportation Cabinet

Angela Leigh-Criswell, Executive Director
Mothers Against Drunk Driving – Kentucky

Jim Pendergraff, Law Enforcement Liaison
Governor's Highway Safety Program

Session 6: What's it going to take to reduce motorcycle fatalities?

Appalachian Room

Moderator
Amy Frogue, Safety Liaison
Pennyrile Area Development District

Motorcycle fatalities have increased significantly over the past five years in Kentucky. This is a severe type crash that accounts for 1.2 percent of all crashes but 3.7 percent of injury crashes and 8.1 percent of fatal crashes. Reducing motorcycle fatalities and injuries will take a coordinated, comprehensive approach. Speakers at this session will discuss their ideas for how best to tackle this problem.

Speakers

Ray Ochs, Director of Training Systems
Motorcycle Safety Foundation

Wayne Steele, Program Coordinator
Kentucky Motorcycle Program

4:30 p.m. Break

5:00 p.m. RECEPTION WITH EXHIBITORS (until 7:30 p.m.)

TUESDAY, APRIL 25th

7:00 a.m. Continental Breakfast
Sponsored in part by Toyota Motor Manufacturing,
Kentucky Inc.

7:00 a.m. Registration Open

8:00 a.m. BREAKOUT SESSIONS

Session 7: Capturing the Media's Attention on Highway Safety (Repeated from Session 3)

Julia Belle Ballroom

Moderators/Speakers

Major Lisa Rudzinski, Media Relations
Kentucky State Police

Doug Hogan, Executive Director
Office of Public Affairs, Kentucky Transportation Cabinet

Have you ever wondered why your highway safety event did not receive media coverage? If so, this session will provide you with practical tips from media professionals on how to ensure YOUR message is heard.

Speakers

Julie Clay, President
Kentucky Association of Government Communicators

Brian Walker, Reporter/Photographer
The Kentucky Standard Newspaper

David McArthur, Anchor
WAVE-3 Sunrise

Deb Albertson
Metro Networks News

Session 8: Sharing the Road Safely with Commercial Vehicles Farmington Room

Moderator

John E. Smoot, MCSAP Coordinator
Kentucky Vehicle Enforcement

Kentucky's fatality rate for crashes involving commercial vehicles in 2004 was 1.83. Kentucky's goals support the Federal Motor Carrier

Safety Administration's goal of reducing the national fatality rate for crashes involving large trucks to 1.65 fatalities per 100 million truck vehicle-miles traveled by 2008. This session focuses on methods being used to address commercial vehicle issues such as enforcement of weight regulations. Speakers will address how passenger cars and commercial vehicles can safely co-exist, and review the changes to the current Hours of Service regulations for commercial vehicle drivers.

Speakers

Brad Scalos, State Programs Manager
Federal Motor Carrier Safety Administration

Greg Howard, Commissioner
Kentucky Vehicle Enforcement

David Leddy, Staff Assistant
Kentucky Vehicle Enforcement

Richard Alford, Driver
ABF Freight Systems – America's Road Team

Session 9: Keeping Vehicles on the Road – Lane Departure

Goldenrod Room

Moderator

Terry Chism, Transportation Safety Engineer
Federal Highway Administration – Kentucky Division

Learn what is being done to reduce lane or roadway departure crashes and fatalities in KY. Get an update on the innovative activities of the Governor's Executive Committee on Highway Safety – Lane Departure Task Team. Learn about Kentucky's cable barrier guardrail initiative to reduce the severity of crashes resulting from vehicles crossing the median on high speed roadways. Get a handle on funding sources and the status of various safety projects and an overview on the Safety Audit Resurfacing Research Project.

Speakers

Duane Thomas, Director
Division of Traffic Operations, Kentucky Transportation Cabinet

Jeff Jasper, Transportation Engineering Branch Manager
Division of Highway Design, Kentucky Transportation Cabinet

Tom Napier, Branch Manager
Division of Maintenance, Kentucky Transportation Cabinet

Session 10: Best Practices to Raise Safety Belt Usage

Cumberland/Derby Room

Moderator

Shirley Lewis, Highway Safety Coordinator
Cumberland Valley Area Development District

This session discusses the Economic Costs of Low Safety Belt Usage in Motor Vehicle Crashes in Kentucky, the Battle of the Belt program, and the Saved by the Belt program. There will also be a how-to on using local media in a strong enforcement effort to increase safety belt usage.

Speakers

Mike Singleton, Injury Surveillance Manager
Kentucky Injury Prevention and Research Center (KIPRC)

Therese Mosley, RN
Community Education Department, Central Baptist Hospital

Dan Barnett, Director
Division of Driver Safety, Kentucky Transportation Cabinet

Patrol Sergeant Winston Yeary Jr.
Harlan Police Department

Session 11: What's New in Child Passenger Safety?

Jefferson Room

Moderator

Nedra Morrell, Community Outreach Planner
Kentucky Regional Planning and Development Agency

This workshop covers the newest technology and special issues for installing child restraints in a vehicle using the LATCH system, rear seat airbag, and new studies regarding booster seats.

Speakers

Sharon Rengers, Child Passenger Safety Coordinator
Kosair Children's Hospital

Erin Eaton, Child Passenger Safety Specialist
Division of Driver Safety, Kentucky Transportation Cabinet

Session 12: Traffic Safety Legislative Updates

Appalachian Room

Moderator

Shailen Bhatt, MPO/Safety Coordinator
Barren River Area Development District

This session provides presentations on the latest program changes required by Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) and a summary of traffic safety issues from the 2006 Session of the Kentucky General Assembly. This workshop will also highlight the "Real ID Act" and how it will affect you.

Speakers

Margie Sheriff, Leader – Focused Approach to Safety
Office of Safety, Federal Highway Administration

Asa Swan, Governor's Transportation Legislative Liaison
Kentucky Transportation Cabinet

David Jackson, Deputy Commissioner
Department of Vehicle Regulation, Kentucky Transportation Cabinet

9:45 a.m. **BREAK WITH EXHIBITORS**

Sponsored in part by Mr. and Mrs. Edward Bullard,
Bullard Company

10:15 a.m. **BREAKOUT SESSIONS**

Session 13: DUI Standards Community Assessment Your Guide to Improving Your DUI System

Julia Belle Ballroom

Moderators/Speakers

Therese Richerson, Alcohol Coordinator
Governor's Highway Safety Program

Eddie Lair, Central Kentucky Law Enforcement Liaison
Governor's Highway Safety Program

This session gives an overview of the DUI Standards Community Assessment Tool and success made thus far, and discusses the DUI Tracking Database developed for pilot counties. A panel of experts directly involved in the DUI standards Pilot Project will answer questions from participants.

Speaker

Polly Lloyd, DUI Compliance Monitor
Madison County Attorney's Office

Panel of Experts

Major Eddie Goode, Richmond Police Department

Judge Brandy Oliver Brown, Madison District

Sergeant Daniel Pearman, Kentucky Vehicle Enforcement

Deputy Michael Marcum, Madison County Sheriff's Department

Judge John D. Simcoe, Hardin District Court

Jenny Pitts, Assistant County Attorney, Hardin County Attorney's Office

Sergeant Greg Samaras, Elizabethtown Police Department

Sheriff Charlie Williams, Hardin County Sheriff's Office

Session 14: Drive Smart Corridor Safety Partnerships

Farmington Room

Moderator

Eric Walsh, Transportation Safety Coordinator
Bluegrass Area Development District

Learn of the tools being used to reduce fatalities and injuries on the designated Drive Smart Safety Corridors, including Road Safety Audits, media communication, traffic safety enforcement blitzes, and educational programs.

Speakers

Terry Chism, Transportation Safety Engineer
Federal Highway Administration – Kentucky Division

Charles Neeley, District Branch Manager for Traffic
KDOH – District 12

Keirsten Jagers, Public Information Officer
KDOH – District 3

Dennis Gardner, Program Coordinator
Division of Driver Safety, Kentucky Transportation Cabinet

Trooper Todd Holder
Kentucky State Police – Post 3

Session 15: Improving Safety through Effective Incident Management

Goldenrod Room

Moderator

Jennifer Walton, ITS Research Engineer
Kentucky Transportation Center

Incident management is the coordinated use of resources to reduce the duration and impact of highway incidents, resulting in improved safety for the public, crash victims, and responders. This session discusses three incident management initiatives in Kentucky: Unveiling Kentucky's Incident Management Program, Interagency Coordination in Lexington, ARTIMIS Components of Incident Management.

Speakers

Chuck Knowles, Deputy State Highway Engineer
Kentucky Transportation Cabinet

Steve Cummins, Traffic Signal Systems Manager
Lexington-Fayette Urban County Government

Tim Schoch, Incident Management Coordinator
ARTIMIS

Session 16: Using Safety Data to Strategically Reduce Fatalities and Injuries

Cumberland/Derby Room

Moderator

Kelly T. Ward, Safety Planner
FIVCO Area Development District

This session discusses how to identify and evaluate traffic safety road-way issues and why data is necessary for effective traffic safety decision making. There will be a summary of "An Analysis of Fatal Traffic Crashes in Kentucky and Recommended Countermeasures." View the video "Safety Starts with Crash Data".

Speakers

Ed Harding, Geo Processing Specialist
Traffic Safety Data Service, Kentucky Transportation Cabinet

Ken Agent, Engineer Associate Program Manager
Kentucky Transportation Center

Tom Napier, Branch Manager
Division of Maintenance, Kentucky Transportation Cabinet

Session 17: How to STOP Red Light Running

Jefferson Room

Moderator

Tony Young, Transportation Safety Specialist
Federal Highway Administration – Kentucky Division

More than 1.8 million intersection crashes occur each year. Of those in 2003, about 206,000 were due to red light running, resulting in 934 deaths and approximately 176,000 injuries. This session will introduce strategies to reduce red light running to include countermeasures to improve signal visibility, increase the likelihood of stopping, address intentional violations, and eliminate the need to stop.

Speaker

Craig Allred, Transportation Specialist
Safety Design Team, Federal Highway Administration,
Colorado Resource Center

Session 18: Creating a Kentucky Trauma System

Appalachian Room

Moderator

David Rowland, Highway Safety Coordinator
Lake Cumberland Area Development District

This session presents an overview of comprehensive trauma system components and gaps to be filled in Kentucky's existing system. Reviews and examples from other states and results of two Kentucky Surveys on related topics will be discussed.

Speaker

Julia Field Costich, MPA, JD, PhD, Chair of the Department of Health Services Management, University of Kentucky's College of Public Health

12:00 noon **LUNCH** (Exhibit Hall Open)

1:30 p.m. **BREAKOUT SESSIONS**

Session 19: Judicial Roundtable

Julia Belle Ballroom

Moderator

Angelia Smith, Highway Safety Liaison
Kentucky River Area Development District

This session touches on the role of traffic records in the justice system, enhancing the judicial response to DUI and ignition lock – have we ever used this in KY?

Speakers

The Honorable Susan Johnson, Chief Regional Judge

The Honorable Steve Hurt, Vice-Chief Regional District Judge

The Honorable Brandy Brown, District Judge

Session 20: Marketing Traffic Safety – Using Communications as a Highway Safety Counter Measure

Farmington Room

Moderator

Paul Archual, Safety Liaison
Northern Kentucky Area Development District

This session highlights what states have been doing to move communications programs toward a more research-based effort. It will also examine what tools NHTSA has to offer to help transition to a more strategic communications approach. In addition, this workshop will highlight innovative strategies used in local communities to market traffic safety and an overview of Kentucky's 511 Traffic and Travel Information System.

Speakers

Kathryn Henry, Communications and Marketing Specialist
National Highway Traffic Safety Administration

Chuck Knowles, Deputy State Highway Engineer
Kentucky Transportation Cabinet

Lloyd Jordison, RN – Coordinator
Madison County Safety Coalition

Session 21: Teen Driving Programs A (Repeated from Session 1)

Goldenrod Room

Moderator

Josh Akers, Safety Coordinator

Big Sandy Area Development District

Motor Vehicle Crashes are the #1 cause of death for teenagers. What can be and is being done to reduce the number of motor vehicle collisions, injuries, and fatalities for this age group? The audience will learn about a variety of successful programs and strategies that have been implemented in local communities. In order to reduce the number of crashes and fatalities, everyone must take an active role...from law enforcement, schools, legislators, communities, to teenagers and parents. Hear what's working and how you can get involved.

Speakers

Brian Bishop, Executive Director

Kentucky Board of Emergency Medical Services

Bob Douglas, Executive Director

Kentucky Crime Prevention Coalition

Officer Derone Weathers, School Resource Officer

Versailles Police Department

Session 22: New Technology and Low-Cost Initiatives for Safer Intersections

Cumberland/Derby Room

Moderator

Terry Chism, Transportation Safety Engineer

Federal Highway Administration – Kentucky Division

Learn about new intersection safety and examples of low-cost safety improvements for rural un-signalized intersections all the way up to new cutting edge technologies for signalized intersections.

Speaker

Fred Ranck, Resource Center Safety Engineer

Federal Highway Administration, Olympia Fields

Session 23: Fatigue and Driver Safety

Jefferson Room

Moderator

Grant Green, Safety Planner

Purchase Area Development District

Sleep habits affect virtually every part of our lives. Statistics tell us that slowed reaction time, reduced mental alertness, inattention, and drowsy driving are all symptoms of sleep deprivation. The consequences of on-going sleep loss markedly impact highway safety and is commonplace in today's 24/7 society. This presentation addresses how a good night's sleep affects every aspect of your waking life and offer alternatives to combat workplace fatigue and highway sleepiness.

Speakers

Kathryn Hansen, Director of Sleep Wellness

St. Joseph Sleep Wellness Center

Stuart Lowenthal, Executive Vice President and Founder

The Little Clinic

Session 24: Staying Safe at the Scene of an Incident (Emergency Traffic Control for Responders)

Appalachian Room

Moderator

John E. Smoot, MCSAP Coordinator

Kentucky Vehicle Enforcement

Improper traffic control at the scene of an incident can lead to secondary crashes and serious injury or death to responders. The Manual on Uniform Traffic Control Devices (MUTCD) establishes specific guidelines for the control of traffic in emergency situations. Unfortunately, many responders have had little to no training in traffic control and even fewer are familiar with the MUTCD guidelines. This session will present basic information about the MUTCD guidelines including recommendations on traffic control equipment for responders, emergency vehicle lighting, and parking at the scene of an incident.

Speakers

Ken Agent, Engineer Associate Program Manager

Kentucky Transportation Center

Monica Barrett, Engineer Associate II

Kentucky Transportation Center

Jennifer Walton, ITS Research Engineer

Kentucky Transportation Center

3:00 p.m. **BREAK WITH NETWORKING/EXHIBITORS**
Sponsored in part by GM Corporation.

3:30 p.m. **BREAKOUT SESSIONS**

Session 25: What's New in Strategic Highway Safety Planning?

Julia Belle Ballroom

Moderators

Lieutenant Eric Walker, Commander
Governor's Highway Safety Program

Boyd Sigler, Highway Safety Operations Manager
Kentucky Transportation Cabinet

A strategic highway safety plan is a statewide coordinated safety plan that provides a comprehensive framework and specific goals and objectives, for reducing highway fatalities and serious injuries. This statewide document is being developed by the Kentucky Transportation Cabinet, in cooperation with the Governor's Executive Committee on Highway Safety. The strategic plan is a data-driven, five year plan that integrates engineering, education, enforcement and emergency medical services.

Speakers

Margie Sheriff, Leader – Focused Approach to Safety
Office of Safety, Federal Highway Administration

Connie Beasley, Southeast Regional Program Manager
National Highway Traffic Safety Administration

Session 26: What's New in Driver Training?

Farmington Room

Moderator

Jim Pendergraft, Law Enforcement Liaison
Governor's Highway Safety Program

Learn the history of the NTSB Evaluation of the Rollover Propensity of 15-passenger vans and how Kentucky is using a low-cost, computer-based training program to train drivers on how to avoid or deal with common problems encountered while driving 15-passenger vans. AAA Kentucky will explain their current driver safety on the teenage driver in Oldham County. It is a joint effort of AAA, County Judge Executive Mary Ellen Kinser, KIPDA, and the Oldham County Board of Education. The purpose is to equip parents with information on how to play an active role in the driving preparedness of their teens and provide professional driving instruction if it is desired.

Speakers

Steve Blackistone, State and Local Liaison
National Transportation Safety Board

Dan Barnett, Director
Division of Driver Safety, Kentucky Transportation Cabinet

Patsy Anderson, Director, Technology Transfer Program
Kentucky Transportation Center, University of Kentucky

Tom Janes, AAA KY Driver Education Instructor
AAA Kentucky

Session 27: New Ideas for Reducing Speed/Aggressive Driving

Goldenrod Room

Moderator
Eddie Lair, Law Enforcement Liaison
Governor's Highway Safety Program

This session will include an overview of successful statewide speeding and aggressive driving enforcement programs, along with innovative local programs that can be duplicated in any local community. Participants have an opportunity for questions.

Speakers

Major Mitch Bailey
Kentucky State Police

Captain Todd Kelly
Ashland Police Department

David Leddy, Staff Assistant
Kentucky Vehicle Enforcement

Session 28: Strategies to Reduce Underage Alcohol Abuse

Cumberland/Derby Room

Moderator/Speaker
Therese Richerson, Alcohol Coordinator
Governor's Highway Safety Program

MADD's "Youth in Action" program has seven different projects that youth are able to carry out in their local community. Learn how the Fatal Vision Experience Program gives students the experience of feeling the effects of alcohol while operating a car. The Alcohol Education Office at the University of Kentucky provides education and awareness

to students and implements research based strategies to decrease high-risk alcohol use and the negative consequences associated with dangerous drinking. The session concludes with a summary of "What Have We Learned from Youth High-Risk Drinking Prevention Programs?"

Speakers

Traci Hudson-Moore, Youth Program Coordinator
Mothers Against Drunk Driving – Kentucky (MADD)

Meg Quarles, Director
Alcohol Education Office, University of Kentucky

Randy Yeley, Youth Program Coordinator
Kentucky Crime Prevention Coalition

Session 29: Teen Driving Programs B (REPEATED from Session 2)

Jefferson Room

Moderator

Bob Douglas, Law Enforcement Liaison
Governor's Highway Safety Program

Learn about the Alive at 25 and the Graduated Driver's License Programs. Also, learn how a small, rural, police department networks with school systems to make a positive impact on teen impaired driving with S.A.I.D. (Students Against Impaired Driving). See how a teen driving academy teaches safe driving techniques to novice drivers in Drive to Stay Alive. Students team up with a Kentucky State Police mentor to create safe driving programs and materials for their local schools and communities.

Speakers

Lieutenant Eddie Johnson
Kentucky State Police Academy

Mike Park, Program Manager
State Traffic School/Graduated License Program,
Eastern Kentucky University

Captain Jere Hughes
Fulton County Police Department

Lieutenant Eric Walker
Commander, Governor's Highway Safety Program

Steve Coffey, Administrative Coordinator
Commissioner Department of Vehicle Regulation,
Kentucky Transportation Cabinet

Session 30: EMS, Trauma and Health Care Providers Appalachian Room

Moderator

Boyd Sigler, Highway Safety Operations Manager
Kentucky Transportation Cabinet

Participants will learn how to help reduce the incidence and severity of trauma related to injuries, particularly involving traffic safety.

5:00 p.m. EXHIBIT HALL OPEN (until 6:00 p.m.)

7:00 p.m. EVENING PRESENTATION AND DINNER
(until 9:30 p.m.)
